TRANSLATIONAL BRIDGE SYMPOSIUM
NOVEMBER 12, 2021

9:00 A.M. - 12:30 P.M. CENTRAL | LURIE MEDICAL RESEARCH CENTER, BALDWIN AUDITORIUM or ZOOM

The Robert H. Lurie Comprehensive Center of Northwestern University is committed to fostering collaborations between physicians and basic scientists with the ultimate goal of translating basic science discoveries to the clinic and impacting cancer patient outcomes. This symposium is designed to stimulate collaboration between basic scientists, population scientists, and translational clinical investigators and will feature brief presentations on research discoveries with potential for clinical trial development.

CHAIRS
Massimo Cristofanilli, MD
Daniela Matei, MD
Jindan Yu, MD, PhD
Jodi Johnson, PhD
Robert H. Lurie Comprehensive Cancer Center of Northwestern University

A Contemporary Molecular Classification of Diffuse Gliomas with Implications for Diagnosis and Treatment
Daniel J. Brat, MD, PhD
Chair, Department of Pathology
Magerstadt Professor of Pathology
Professor of Pathology (Experimental Pathology) and Pathology (Neuropathology)

Emerging Strategies to Reverse Prostate Cancer Therapeutic Resistance
Sarki A. Abdulkadir, MD, PhD
Vice Chair for Research, Department of Urology
John T. Grayhack, MD, Professor of Urological Research
Professor of Urology and Pathology

Epigenetic Priming To Enhance Effects of Immunotherapy in Ovarian Cancer-Observations from a Clinical Trial
Daniela E. Matei, MD
Chief of Reproductive Science in Medicine in the Department of Obstetrics and Gynecology
Diana, Princess of Wales Professor of Cancer Research
Professor of Medicine (Hematology and Oncology) and Obstetrics and Gynecology (Gynecologic Oncology)

Novel Therapies in Myeloid Neoplasms
Yasmin Abaza, MD
Assistant Professor of Medicine
Hematology and Oncology

Aging ECM Drives Invasion in Normal and Cancer Mammary Epithelial Cells: Can Lysyl Oxidase be a Solution?
Gokhan Bahcecioglu, PhD (Bridge Trainee)
Postdoctoral Fellow, University of Notre Dame

Development of Hsp90beta-Selective Inhibitors as Safer Anti-Cancer Agents
Sanket Mishra, PhD (Bridge Trainee)
Postdoctoral Fellow, University of Notre Dame
